EURO

- Advanced Lubrication Solutions
- Proven Protection, Powerful Performance

**MOTOSSEL WILL REPAIR OR REPLACE ANY PIECE
OF YOUR EQUIPMENT DAMAGED DUE TO THE FAILURE
OF OUR LUBRICANT.**

All our lubricants meet or exceed original equipment manufacturers' standards. We guarantee their performance when used in accordance with Motosel's recommendations, the equipment manufacturers' performance specifications, and under normal operating conditions.

This warranty is in addition to any and all original equipment warranties and does not invalidate them.

IT'S OUR COMMITMENT TO YOU!

***For further information about the Motosel Ultimate Lubrication Warranty

MOTOR OIL SERIES

SYNTHETIC BLEND

MOTOSEL SP/GF-6 is a premium, synthetic blend motor oil scientifically formulated with ultimate cleaning technology. It works harder to protect than conventional motor oils by preventing dirt and sludge build up for better responsiveness and improved performance, enabling the engine to operate at its full potential right up to the next oil change.

Offering greater engine wear protection

Keeping your engine cleaner

Flowing better in low temperature

Protecting better at high temperatures

Protecting critical turbocharger parts

ENGINE OIL SYNTHETIC BLEND

FEATURES & BENEFITS

Meet or exceed the following requirements:

- API Service Classification SP, SN, SM, SL, SJ
- ILSAC GF-6 / GF-5 Service Certification (SAE Grades 5W-20, 5W-30 and 10W-30)
- Lower pour point reduces start-up wear during cold weather
- Synthetic blend oil helps to improve fuel economy
- Compatible with conventional oils
- Excellent wear, corrosion, and rust protection
- Superior resistance to sludge and varnish deposit formation
- Designed with premium base stocks for added thermal breakdown resistance

MOTOR OIL SERIES

100% FULL SYNTHETIC

MOTOSEL Platinum Full Synthetic is a premium quality, full synthetic engine oil formulated from selected superior base oils and advanced engine oil additive technology. Motosel Platinum Full Synthetic is formulated with low friction additives to help improve fuel economy where SAE is recommended and to provide outstanding engine protection. Meets or exceeds the latest American Petroleum Institute (API) SP and car manufacturers ILSAC GF-6 service classification.

Designed especially for turbo-charged and high RPM engines which experience high heat

Provides excellent engine cleanliness through superior sludge and varnish protection

Helps reduce engine wear at high temperatures with improved viscosity stability

API Service Classification Resource Conserving SP

Provides superior cold-temperature protection through faster oil flow at start-up

FEATURES & BENEFITS

Meets or exceeds the following requirements:

- API Service Classification SP, SN, SM, SL, SJ
- ILSAC GF-6 Service Certification
(SAE Grades 0W-20, 0W-30, 5W-20, 5W-30 and 10W-30)
- **Dexos1 Gen3 approved**
- Lower pour point reduces start-up wear during cold weather
- Full synthetic oil helps to improve fuel economy
- Compatible with conventional oils
- Excellent wear, corrosion, and rust protection
- Superior resistance to sludge and varnish deposit formation
- Designed with premium base stocks for added thermal breakdown resistance

Canadian owned and operated

EURO

Motosel Ultra Euro Motor Oil is an advanced synthetic formula designed to exceed most car manufacturer's standards and are engineered to keep engines closer to factory clean.

This insures a better protected, more efficient engine, which delivers premium performance.

Motosel Ultra Euro is designed for extended drain intervals as suggested by European automobile manufacturers.

AUTOMATIC TRANSMISSION FLUID

ATF FULL SYNTHETIC SERIES

PREMIUM

AUTOMATIC TRANSMISSION FLUID

FEATURES & BENEFITS

Meets or exceeds the following requirements:

MOTOSEL TYPE A AUTOMATIC TRANSMISSION FLUID is an economical fluid blended from quality base oils for use in older automatic transmission requiring Type A Fluid and/or where fluid leakage and consumption is a problem.

MOTOSEL CVT PREMIUM TRANSMISSION FLUID is specially formulated with a highly advanced additive package to meet the performance requirements of a wide variety of vehicles equipped with push-belt CVTs.

MOTOSEL DEX-VI Automatic Transmission Fluid is an advanced ATF fluid approved for use in passenger car and light truck automatic transmissions that require a General Motors DEXRON VI or earlier generation DEXRON fluid.

MOTOSEL PREMIUM ATF-III AUTOMATIC TRANSMISSION FLUID is a multi-purpose fluid, blended from selected, highly refined base stocks and advanced additives. It is recommended for transmission systems, hydraulic systems, and power steering units manufactured worldwide requiring performance standards of ATF-III type fluids / DEXRON®-III (H), DEXRON®-III, DEXRON®-IIE, DEXRON®, MERCON®, Ford ESP-M2C138-CJ, Ford ESP-M2C166-H or Type A Suffix A, Allison C-3/C-4, or Caterpillar TO-2 fluids.

MOTOSEL MULTI-VEHICLE AUTOMATIC TRANSMISSION FLUID provides extreme protection, oxidation control, excellent low temperature and superior shear stability performance. It is suitable for use in automatic transmissions calling for GM DEXRON® III G/H, Ford MERCON® and Allison C-4, Toyota T-III and T-IV, Honda Z1, Nissan Matic D and Matic J, and Mitsubishi SP-II and SP-III, JASO 1A and other Asian OEM's like Hyundai, Subaru and Mazda performance requirements. In addition it meets the requirements of European OEM's like ZF TE-ML-14A, Voith 55.6335, MAN 339 Type Z-1 and MB, VW and BMW 4- and 5-speed automatic transmission specifications.

Longer transmission life

Extended service interval

Higher safety factor

Seal compatibility for better leakage prevention

Enhanced oxidative stability for longer fluid life and extended service interval

Excellent extreme pressure and anti-wear performance for the better life and protection

AUTOMATIC TRANSMISSION FLUID

MOTOR OIL SERIES

HEAVY DUTY

DIESEL

High quality levels for
extended oil drain intervals

Suitable for turbocharged
and supercharged diesel
engines

Outstanding thermal
stability and
anti-oxidation ability

High viscosity stability
leads to super lubrication
at low temperature start-up

Containing the strongest
anti-corrosion and
anti-wear agents

Neutralized acids released
by oxidation and
combustion thus extending
engine life

ENGINE OIL

HEAVY DUTY DIESEL

FEATURES & BENEFITS

Meets or exceeds the following requirements:

- SAE 10W-30 and 15W-40 CK-4 meets or exceeds API service classifications CK-4 / SN
- SAE 0W-40 and 5W-40 CK-4 meets or exceeds API service classifications CK-4 / SN
- Meets the needs of all 4-stroke engines in a fleet that call for an SAE 0W-40, 5W-40, 10W-30 and 15W-40 viscosity motor oil
- Satisfies requirements for naturally aspirated, supercharged and turbocharged engines
- Meets the needs of older engines in on-highway service

LUBRICANTS

HYDRAULIC OIL / GEAR OIL

- Excellent thermal stability
- Channeling resistance at low temperatures
- Enhanced anti-oxidation characteristics
- Anti-wear characteristics provide tough, hard working gear oil plus extended oil life
- Compatible with the majority of seals material
- Suitable for heavy duty gears under severe loads

Food Grade Lubricants

Meet the highest food industry safety standards

- Special additives provide sludge and deposit control, and longer service life
- Provide superior water separation and demulsibility
- 5,000 Hours+
- Excellent rust and corrosion protection for all system components
- Excellent anti-foam protection and rapid air release
- Provides anti-wear protection for pumps, motors, valves and other hydraulic circuit components operating under high pressures and loads

GEAR OIL (GL-5) / HYDRAULIC FLUID

FEATURES & BENEFITS

MOTOSEL GEAR OILS are formulated with synthetic base stocks for use in universal duty hypoid or spiral bevel gear differentials and manual transmissions in passenger cars, light duty trucks and sport utility vehicles.

Canadian owned and operated

TRANSMISSION FLUID & TRACTOR OIL

Lubricates and protects transmissions, differential and final drive gears in tractors and implements

Excellent extreme pressure and anti-wear performance for the better life and protection

Reduces brake chatter and provides for smooth engagement of power take-off (PTO) clutches

TRANSMISSION FLUID

FEATURES & BENEFITS

Canadian owned and operated

Meets or exceeds the following requirements:

Transmission Fluid is a specialized lubricant formulated to meet the latest specifications for transmission, drive train, wet brake and other machine compartments such as differentials, final drives and beveled gears that require TO-4 oils. It provides excellent oxidation stability, resistance to sludge formation, long term anti-wear, rust and corrosion protection and is ideal for use in wide range of automotive, mining, agricultural and earthmoving applications including off-highway tractors, trucks, skidders, graders, loaders, compactors and other heavy equipment.

TRACTOR OIL

FEATURES & BENEFITS

Meets or exceeds the following requirements:

Tractor Hydraulic Fluid is an economic, low viscosity, single grade lubricant formulated from a blend of highly refined base oils with a high-performance additive package. It provides excellent results in rust protection, water sensitivity, extreme pressure/anti-wear properties and foam suppression. It is suitable for lubrication in older tractor transmission, differential and final drive gears in tractors and implements where an economic fluid is desired. It is also recommended as a replacement fluid for Allis Chalmers, Allison, Ford Tractor, Caterpillar, International Harvester, Deutz, Oliver, White, J.I. Case, Massey Ferguson, John Deere and other manufacturers where a tractor hydraulic fluid is recommended.

ALL SEASON BAR&CHAIN OIL

FEATURES & BENEFITS

MOTOSEL ALL SEASON BAR & CHAIN OIL is formulated with virgin mineral oil and specific additives for today's high speed chain saws. Contains added Tackifier and higher viscosity base oil for better performance under severe operating conditions.

All types of chain saws:

- Residential, commercial and industrial chain saws
- Hand operated and automatic oilers
- Adverse operating conditions of the forest products industry
- Chains, bars, and sprockets

Canadian owned and operated

EXTENDED LIFE

ANTIFREEZE & COOLANT

100% CONCENTRATE

50/50 ANTIFREEZE / COOLANT

Antifreeze/Coolant is suitable for use in both passenger cars and commercial vehicles and provides adequate protection to coolant systems to prevent corrosion and sediments. It has a high boiling point to prevent overheating of the engine, prevent engine freezing, and extend the life of aluminum engines.

AUTOMOTIVE CHEMICALS ADDITIVES

ANTIFREEZE & COOLANT

ILAST ANTIFREEZE & COOLANT used as directed, offers superior performance in virtually every light and heavy duty application. The proprietary inhibitor package is low silicate and phosphate and 2-EH free. Can be used as a top-off but to achieve maximum protection a complete flush and fill should be performed.
